PUBLIC NOTICE

To whom it may concern:

May 18, 1989

An environmental document has been prepared according to the State Guidelines for the implementation of the California Environmental Quality Act of 1970 and any subsequent amendments. The proposed document is available and may be reviewed at the Goleta Water District (GWD), 4699 Hollister Avenue, Goleta, CA 93116, and at the Santa Barbara Cities/County Library system. The purpose of the notification and review procedure is to gather public comments on the adequacy and completeness of the draft document. Comments, both oral and written, can only be accepted if they are submitted on or before the deadline/hearing date. If you challenge this environmental document in court you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or written correspondence delivered to the Goleta Water District at, or prior to, the public hearing. Please limit comments to environmental issues only.

PROJECT APPLICANT:

Goleta Water District
P.O. Box 788, Goleta, CA 93116

PROJECT LOCATION:

Adjacent to Maria Ygnacia Creek, in the roadway alignment for Maria Ygnacia Lane and La Riata Lane.

PROJECT DESCRIPTION:

A water pipeline for the Goleta Water District Bedrock Test Well to convey water from the well to other District facilities. The pipeline would involve the installation of approximately 7,415 feet of 8-inch water line to connect the existing Goleta Water District Bedrock Well on the Fortuna Property to the District La Riata Reservoir. The pipeline route chiefly follows a road alignment which is present in the area. Approximately 1,325 feet of the approximate 7,415 foot pipeline would be installed in La Riata Lane, a public road. Approximately 365 feet would be located on Goleta Water District property at the La Riata Reservoir. The balance, approximately 5,725 feet, would be developed in Maria Ygnacia Lane or on other private property.
